AN UNFORGETTABLE EVENT AT ELUSION ESCAPE ROOMS

Elusion's Southampton Escape Rooms offers the ultimate team challenge in which you and your companions will face mysteries, solve riddles and crack physical and mental puzzles against a 60 minute countdown.

Our games are intentionally inspired by the movies you love, and in each game we invite you to take part in a cinematic adventure complete with theatrical quality effects, professional sets and technical props.

You will compete in teams of up to 8, playing games designed to test skill, mental & physical ability.

Our Corporate Team is also able to custom build your business a team building package including dining options if required.

Games can accommodate up to 36 persons playing simultaneously or smaller groups may choose to play at either venue (16 players at Commercial Road and 20 at High Street) in what is sure to be the most exciting experience of the year - perfect for team building or company parties!

THE BENEFITS OF TEAM BUILDING AT ELUSION ESCAPE ROOMS

Every company relies on their staff being able to communicate effectively with both their own teams and management in order to be successful. Team building events create the time to focus on improving these interpersonal relationships but also give courage to those more shy in the office to develop and demonstrate their communication skills in a location beyond the workplace.

Shared problem solving will dramatically aid staff in learning how to work together effectively under a very different kind of pressure in a wholly unusual environment that relies on communication as an essential factor of success. It will also highlight and give opportunity for staff to demonstrate and perhaps even discover new strengths in their skill set.

At Elusion we can help develop your staff communication; a vital element for any team to complete our timed

challenges. Natural leaders can come to the fore whilst louder more dominating characters may quickly discover that over confidence (at the exclusion of listening to others ideas) will quickly result in more problems.

Ultimately our team building games are also great fun and break down barriers in communication, with people able to better utilise both verbal and non-verbal forms of communication throughout the game.

Our Escape Games are co-operative for small groups of up to 8. Teams can play one after another across one or more days to compete for the best time on our Corporate Leader board.

Solving sophisticated puzzles in our cinematic games will ensure not only an increase in team communication but also some fantastic shared memories and moments.
